## COURT COUNCIL MEASURE WINS

*Amendment to be Submitted to People in 1926*

*Plan Designed to Simplify Judicial Procedure*

*Senate and Assembly Pass Numerous Bills in Day*

*BY A. F. NIGHT WIRE*

SACRAMENTO, April 20.—The proposed constitutional amendment by Senator M. B. Johnson, Mon., to create a judicial council for the purpose of simplifying court procedure and expediting the administration of justice was adopted by the Assembly today. The proposal will be placed on the ballot at the election in 1926.

The council would consist of the Chief Justice of the Supreme Court and would have the organic and judicial functions of each rank of jurisdiction appointed by the Chief Justice.

The measure, if adopted, would give to the Chief Justice of the Supreme Court the power to submit to the Governor, relative to the transferring of judges from one county to another.

Senator Slater's measure, which would exempt from taxation all property used in the burial of the human dead also was adopted by the Lower House and will appear on the ballot.

Senator Breed's bill, regarding a State highway extending the Shore highway extending from San Francisco to San Jose was approved by the Assembly and sent to the Governor.

**NOT CLASSIFIED**

The Bay Bridge Highway is merely brought into the State system by this measure without classifying it as a primary or secondary road. The Breed classification bill is still pending in the Senate.

Other roads which would be included in the State Highway system by the measure passed today are the San Rafael to Point San Quintin, the San Joaquin to the Oregon State line on the Coast Route; Alturas to the Oregon line; Coleville to the Nevada line in Mono county; Bakersfield to Modesto; to Fresno; Shavers Wells to Coopersville; Blythe to the Colorado River; Oxnard to the main Coast Highway.

The Assembly also passed and sent to the Governor the bill by Senator Borgs, Stockton, for the report of the California Debris Commission, which recommended expenditures totaling \$5,000,000 for flood-control work on the Sacramento and San Joaquin rivers.

Other measures passed by the Assembly and sent to the Governor include:

By Senator Chamberlin, authorizing the appointment of a commission for the investigation of uniform State laws. Duties of the commission would be to promote uniformity in State laws upon all subjects where uniformity is deemed practicable.

By Senator A. B. Johnson, appropriating \$12,000 for the purpose of operating with the Federal government in establishing a forest experiment station in the State.

By Senator Hollister, appropriating \$12,000 for the purchase of land for the Teachers' College at Santa Barbara.

**PASSED BY SENATE**

The Senate today passed and sent to the Governor the Burns-Hornblower bill to provide that

where there is a strike or labor trouble no employer or any other persons shall solicit or secure persons to fill the places of employees who are absent from the work of such labor trouble.

Continuation of the work of restoring and rebuilding Fort Ross in Sonoma county, is the purpose of an appropriation of \$2500 which was passed by the upper branch.

The Senate also passed Assembly Little's bill providing that a property of husband or wife, except that which is held in joint tenancy, devise or descent and issue and profit from such property is community property.

Assemblyman Frank Edwards' bill adding to the State highway system the road from Bremen to Pea-nut was passed in the Upper House; also that from Friends to Tracy, and through Modesto, Don Pedro, Newman and Crows Landing; also that from Douglas City to Peanut; also that from Niles and Santa Rita by way of Sunol.

Assemblyman Frank Edwards' bill bringing under the provisions of the Teachers' Tenure Act all principals and supervisors of sub-branches in addition to regular principals.

Assemblyman Frank Edwards' bill was approved by the Senate today and sent to the Governor.

The act provides that all persons permanently employed after two consecutive years in any school and can be removed only after formal charges have been made.

kinds and other costs now prohib-ited.

The opposing side base their attitude not only on the foregoing undesirable conditions, but assert the act is premature because of the absence of any tangible assurance of an inter-agreement on the Colorado situation by the lower house State.

The gas-tax increase, which passes the Senate as a margin of two to one, is to be voted on April 26.

After cross-examination was completed, the government made a final attempt to get into the evidence documents relating to the gas-tax increase, but the Governor, after the New York meeting until he appeared before the Brookhart Senate committee, which was investigating the Department of Justice.

The witness reiterated his previous testimony that Wheeler had offered him a \$500 fee split and that, while he did not recall the exact sum, he thought he mentioned \$1,000.

Four Murders in Day Bring  
Shoot-on-Sight Order

One Officer Killed and Six  
Wounded by Gangsters

(EXCLUSIVE DISPATCH)  
CHICAGO, April 20.—Shocked by  
the reports of four murders and  
the serious wounding of three other  
persons in shooting affrays late  
yesterday and early today, Chief  
of Police Collins aroused every pre-  
cinct commander to action against  
what he termed "a despicable sit-  
uation."

"I am tempted to issue an order  
allowing policemen to shoot all sus-  
pected criminals at sight," said the  
chief. "Since last Friday one  
policeman has been killed and  
others seriously wounded by gun-  
men. I will repeat today my order  
of last Saturday requesting mem-  
bers of the force to carry their  
guns in a position to be drawn at  
a moment's notice."

The chief's heated remarks fol-  
lowed a report from the Robert  
Burns Hospital of the wounding  
of Policeman Danny Ryan  
near death from bullet wounds re-  
ceived in a revolver battle with two  
young gunmen last night.

"The only satisfaction in the re-  
port of the recent gangland shoot-  
ings," the chief continued, "is that  
in nearly every case the persons  
responsible are in cells and must  
face punishment."

NORTHAMPTON (Mass.)  
April 20.—A Northampton  
housewife, hearing a mild  
commotion at the kitchen  
door, hastened to learn the  
cause, and admitted a large  
hungry collie dog. She wel-  
comed and fed the visitor.

A few minutes after the  
collie sauntered away with  
a grateful look in his  
eyes, she heard more noise  
at the door. She again re-  
ceived the visitor, who on  
this occasion was a short, fat  
bulldog. She was about to  
feed him when she noticed  
a tag on his collar. Out of  
curiosity she read it. The  
tag said, "Do not feed me.  
I am trying to reduce."

# A CHUCKLE FOR EVERYBODY

TODAY'S LESSON IN ETIQUETTE

ONE SHOULD IGNORE AN IMPOLITE PERSON WHO SPEAKS WITHOUT AN INTRODUCTION.

THE GUMPS—OH, DOCTOR!

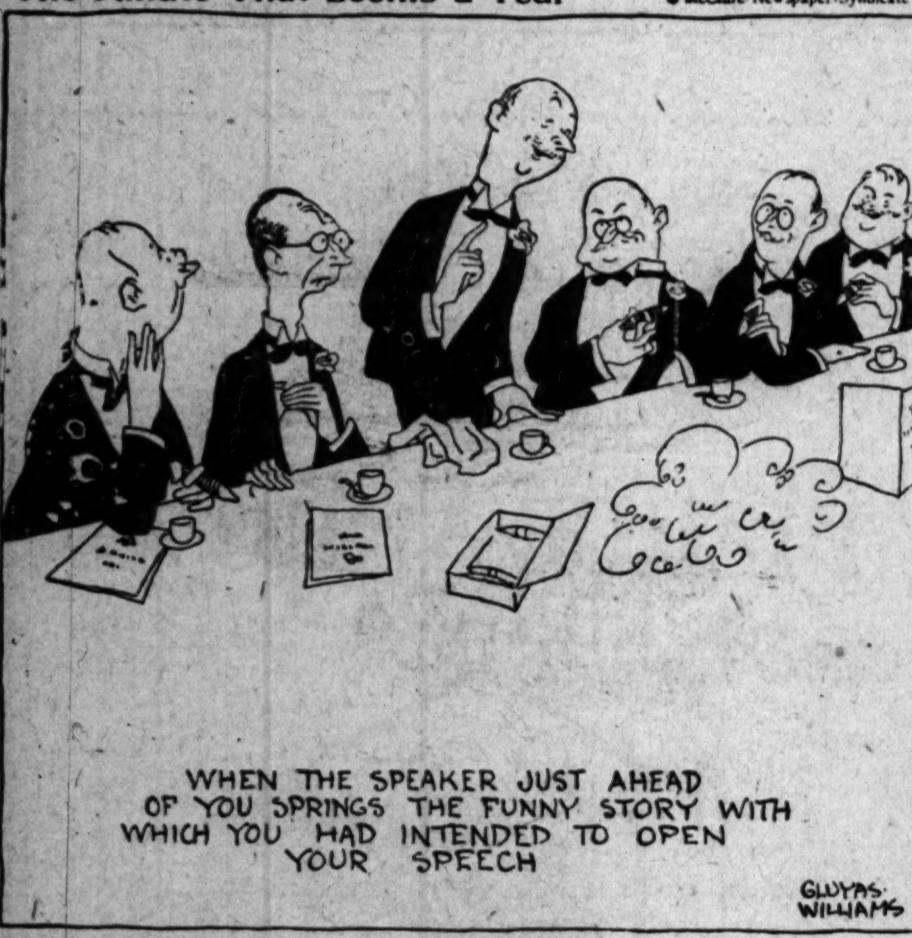

WHICH THAT BIRD SAYS I'M HEALTHY. I CAN TEAR UP MY INSURANCE POLICY. A DOCTOR LIKES TO FIND A WEAK SPOT ON A GUY. THAT'S HOW THEY MAKE THEIR BROWN. IF THEY FIND A FLOATING KIDNEY, IT MEANS A NEW AUTOMOBILE FOR THEM—EVEN A HEADACHE WILL PAY FOR A RADIO SET. THE KIND OF A PATIENT THAT DOCTORS SEE I'M TOO HEALTHY—WHEN I HEAR MY CHEST IT SOUNDS LIKE A BLACKSMITH HITTING IRON. LOOKING FOR FISHING IN ME IS LIKE LOOKING FOR A DIME IN AN EMPTY POCKET BOOK.

RIO DE JANEIRO, April 9.—My continued inquiry leads me more and more definitely to the conclusion that the region which our expedition will enter was the confluence of the Amazon, Parana and Paraguay, the north and south, and that the great civilization which rose and fell there was a winning out of these mingling cultures.

The ancient Incas traced the civilization to Quetzacatlan, a bearded stranger with a fair complexion, who came from the southeast and departed in that direction. They say that the Incas were traditionally naked at birth, but were clothed in the north and south.

In Brazil, Guatimac had Sun, who was the sun adopted by the Catholic priests as the Apostle St. Thomas. Tamandara of the Carabaya was another such legendary hero. These bearded, fair-skinned men taught the arts, agriculture and religion—the worship of the sun and the serpent.

TOLETECS VANISH

The Toltecs disappeared from any dominant position among the tribes of Anahuac, 465 years before the arrival of Cortes, in the eleventh century our era. The civilization of Northern Europe does not antedate the tenth century, so that it is perfectly clear that even if the religion, calendar and general nature of the civilization were not so utterly lost, nothing can be attributed to that source. The legendary migrations of Madoc and Eric the Red can be dismissed for

## SURPLUS OF TOES IN FELINE FAMILY

(EXCLUSIVE DISPATCH)

SPRINGERVILLE (Ariz.) April 20.—A black Persian cat owned by Charles Blackman lately proudly brought to the house four kittens of notable sort. Save for the feet, each appeared normal; but one has six toes on three feet and five on the fourth, another has six toes on each foot, the third has five toes on the forepaws and four on each of the hind paws, and the fourth has five toes on the front feet and six on the rear feet.

all the influence so few blond men could have had on the enormous populations of the Americas.

The Incas, who were the descendants of Narcaus Gilha, found books of wonderfully painted hieroglyphic paintings among the naked savages of the Ucayali, in the Amazon region of Peru. These records that the ancient Peruvians used both paintings and characters. There are Nahas in the Perus and Arucas in the Maranon and Orinoco, both tribes being clothed Indians in the forests of Brazil today, where the climate dictates it.

## STRANGE RESEMBLANCES

Capt. Popham, in 1594, reported Orinoco Indians in red cloaks and feathered hats, who were said to be the last reliefs of the old cities of Brazil is found on the totem poles of British Columbia.

On the totem poles they represent the mythical entities of the tribes.

The Amazons of "Aitacambanana," the "women who live alone" compare the Sankrit, manus vakenana, the "woman who are naked" and are known as a myth.

According to the information gathered by Padre Gil and Carvalho, they dwelt in stone houses, seven days' journey from the Amazon.

They personally knew tribes with women chiefs. The Marquitas also had women chiefs and fought like the Amazons. They were a big people. The Goths, who formerly reckoned the giants of the Amazon, and the Curiquueanos were reputed to be between eight and ten feet tall, adorned with golden hair, and naked. The Incas of Peru, with whom they could not possibly have ever been in contact.

## WORSHIP NORSE GOD

There are tribes in the Amazon today who worship Wodin, or Odin, the god of victory or magic. This is probably the only link between South America and old Scandinavia, but the facts are indisputable. There are other tribes who worship the frog.

I have lived with tribes who

worship for a planet—Neptune.

According to Inca influences, they know the sun by the name of Vira Vira and sing to its rising.

The other cannibals which we

shall encounter are the small,

ugly negroid troglodytes,

who live in holes and caves in the mountains, 150 miles from the city of our objective.

Although their only weapon is a club, they are extremely dangerous.

Ethnologists know little about these people, who shall endeavor to learn something about them, although any intercourse with them will be difficult, if not impossible.

When Balbo crossed the Isthmus of Darien he saw many negroid pygmies.

Not only are the Aymores of Brazil negroid, but many of them are black in spite of a constant mixture of blood. The black troglodytes are the aboriginal inhabitants of the ancient Brazilian land.

## CANADIAN DRYDOCK FOR LARGEST SHIP

NEW STRUCTURE ON PACIFIC  
CAN ACCOMMODATE ANY  
DREADNAUGHT

(EXCLUSIVE DISPATCH)

VANCOUVER (B. C.) April 20.

This summer will see the completion in British Columbia of two large dry docks, one a huge graving dock and the other a floating dock. The graving dock is 1150 feet long, will take the largest ship in the world, and is located at Esquimalt. The floating dock is 550 feet long and is designed especially for coasting vessels. It is at North Vancouver.

Hewn out of solid rock, the huge

graving dock will cost the Canadian government more than \$6,000,000.

It is constructed in such a way as to be able to be used for 400-foot boats or 750 footers.

At the same time it offers dockage facilities for an import on the Pacific, large or small.

The floating dock was built by the Burrard Drydock and Shipbuilding Company with the assistance of the Dominion government.

These two docks, built some time ago at Prince Rupert, give British Columbia ample accommodation for many years to come for ships requiring dry docking.

## SHELL IS DESIGNED TO TRAP PLANES IN NET

(BY CABLE—EXCLUSIVE DISPATCH)

PARIS, April 20.—A French inventor has perfected an anti-aircraft shell containing a net, which spreads when the projectile hits the plane, enveloping the airplane and smashing or stopping the propeller or breaking the engine. This invention is accredited to Albert Jauren. Experiments were held before the armistice. M. Jauren intends to submit his invention to the French government, which has announced the adoption of a similar net shell.

## BLACK SWANS GIVEN (BY CABLE—EXCLUSIVE DISPATCH)

LONDON, April 20.—Four black swans are to parade their gracefulness on the Upper Thames. The swans are a gift from the West Australian government. The Thames swans are owned jointly by the King and the Dyers' and Vintners' companies.

## BROADCAST OF NEWS IS LIKELY

Associated Press to Act on Radio Proposal Today

Plan Would Affect Reports of Greatest Importance

Change in Policy Urged at Preliminary Meeting

NEW YORK, April 20.—Radio

broadcasting of news of transcendental national and international importance was favored at a meeting of the Associated Press members today, preliminary to the regular annual meeting tomorrow.

By a rising vote it was recommended that the board of directors be authorized to permit stations to broadcast of outstanding events under safeguards. A resolution on the subject, approved of today's meeting, will be before tomorrow's meeting for ratification.

The resolution reads:

Whereas, the tremendous growth of radio broadcasting is presenting many problems not contemplated when the existing bylaws and rules of the Associated Press were adopted.

Whereas, the great public interest in the result of Presidential elections and other events of nation-wide importance has repeated.

In view of the limited and restricted use of Associated Press matter in the broadcasting of such special and outstanding events, therefore, it is resolved, that the board of directors be authorized to adopt the necessary rules and regulations which shall permit the broadcasting of news of the association as it shall deserve of transcendental national and international importance and which cannot by its very nature be exclusive; provide adequate safeguards and require that proper credit be given in each and every instance to the Associated Press and from every member of the organization.

Mr. Martin expressed his regret over leaving the service, saying his relations with members of the board of directors had been delightful.

"The organization," he said, "I am confident, will grow more rapidly than ever along the right lines. It is the only organization in the newspapers of the country against sensational, silly, superficial and sluey reporting."

COOPER PRAISED

Mr. Martin offered Mr. Cooper any aid and co-operation within his power, saying:

"He knows the organization more intimately than any other member of the staff and he has a most loyal and devoted staff. I hope his work will be as happy as I am confident it will be successful."

A resolution by the board of directors' read at the meeting stressed Mr. Martin's maintenance of the best traditions of the Associated Press, and his intelligent, dignified management of its affairs.

Sir Roderick Jones, managing director of Reuters, Ltd., cabled from London his regret over Mr. Martin's departure and his wishes for success in the future.

A change in the method of electing advisory boards was recommended and will come before the annual meeting for approval.

Hitherto members of these boards have all been elected at the annual meeting. A resolution approved today provides that each State association shall elect an annual meeting prior to November of each year, a member to represent it upon the advisory board for the division in which the state is located.

The resolution referred to the committee results obtained through informal creation of State associations.

The regular annual meeting will be held at the time of the Waldorf-Astoria Hotel, and the annual luncheon will begin at 1 p.m.

The principal speaker at the luncheon will be Vice-President Charles E. Dewart, Mr. Noyes will moderate; John Morley will preside, and the proceedings will be broadcast, beginning at 2 p.m., by WEAF, WJZ, New York; WOO, Philadelphia; WGY, Schenectady, and WWJ, Detroit.

Isn't it better to save this amount, or spend it in more profitable ways?

CAN you really afford to drive your car to town every day when the actual costs figure about as follows, based on a distance of only 13 miles?

Cost of gasoline, oil and ordinary depreciation at 7c per mile—26 miles daily for 26 working days . . . . . \$47.32

Parking space at 15c per day . . . . . 3.90

Total monthly cost of commuting by automobile . . . . . \$51.22

Average cost of Pacific Electric commutation tickets for the same mileage monthly . . . . . \$ 9.00

Cash saving per month to commuter . . . . . \$42.22

Isn't it more comfortable to ride to town in a big Red Car, and read your morning paper on the way?

Don't you arrive less tired than when you drive yourself through traffic jams?

Isn't it more healthful to walk a few blocks to and from The Red Car, morning and evening, than to go days without exercise?

Don't you find traffic congestion more and more annoying, parking space more costly and more difficult to find?

Try The Red Cars for ten days. See how much you like them. Figure what you save in cash. Then decide if you want to go back to the old way of getting into town.

Pilot Saves Girl Victim of Tetanus

Airplane Carrying Serum Breasts Gale and Wins Race With Death

EXCLUSIVE DISPATCH

STERLING (Colo.) April 20.—The flight of an airplane from Denver to Sterling Wednesday, piloted by Earle K. Parker of the Colorado Airways Company, undoubtedly saved the life of Alberta Gale, 10 years of age, stricken with lockjaw. It was stated Thursday by Dr. J. H. Kellogg, the attending physician, that after fighting a stiff wind for an hour and forty minutes, the airplane arrived in Sterling shortly after 2 o'clock Wednesday, with a quantity of antitetanus serum. All available antitoxin in Sterling had been used during the morning, but had failed to check disease.

A small child had reached the stage of convulsions and the muscles of the neck and chest were stiffening rapidly, threatening early death.

Upon the arrival of the airplane the serum was rushed by automobile to the hospital, and the antitoxin was administered 20,000 units into the spinal canal, 40,000 units into the veins and 10,000 units into the skin. By 6 o'clock in the evening the convulsions had ceased. It was stated Thursday morning that the muscles were relaxing and that the child was on the way to recovery.

RAILWAY PROJECTED

CHIHUAHUA (Mex.) April 20.—Construction of an extension of the railway which now runs from the developed section of the port of Tavare to the Pacific Coast will be started within six months, according to Col. Edgar K. Smoot, contractor, in whose name the concession for building the line is held. Associated with him in the project is former President Obregon, who now makes his home on his farm at Navajas, State of Sinaloa, which is the northern terminus of the road.

## HINDENBURG FOR STATE MORALITY

Candidate Says He Hopes for Common Sense Era

Political, Economic Loyalty Dawes Plan Essential

Says Finance Problems Not Issue in Campaign

(BY CARL AND ASSOCIATED PRESS)

HANOVER (Germany) April 20. Field Marshal Von Hindenburg, who is seeking the votes of the German people in the election for the Presidency next Sunday, discussed his candidacy in an exclusive interview with the Associated Press correspondents today. He made special reference to the Dawes reparations plan, which he declared would be impossible of fulfillment unless Germany's former enemies exerted "political and economic loyalty."

"Whether the obligations under the Dawes report are capable of fulfillment will only appear after a certain period of time, since, as you know, the burdens imposed will steadily increase for years. We, of course, will not be able to meet the conditions under the foreign powers participating in the pact without political and economic loyalty."

When asked regarding his speech yesterday, Von Hindenburg said German's desire to keep peaceful in promoting the world's prog-

## ROME ANNIVERSARY TODAY

Holiday Declared to Honor Legendary Founding of City 2678 Years Ago; Fascist Statement

(BY CABLE AND ASSOCIATED PRESS)

ROME, April 20.—Rome's citizens tomorrow will celebrate the legendary founding of the city 2678 years ago. The prevailing holiday spirit surpasses that shown upon any other occasion, even Christmas.

All business will be suspended and no newspapers will be published. The day will be devoted to merry-making, processions, monuments, speeches and general festivities, beginning with a great celebration by the Fascist party at the Argentine Theater.

A huge monument by Zanelli, representing Rome, will be unveiled with elaborate ceremonies. The excavations at the new forum of Augustus will be exhibited for the first time and a new apartment-house district on the outskirts of the city along the banks of the Tiber will be formally declared a part of the Eternal City, with ceremonies being participated in by the King and other notables.

In connection with the celebration, the Fascist party has issued a manifesto reviewing the Fascist movement from an intellectual and psychological point and describing it as a great rejuvenating force which is destined to epitomize the state.

Press, as to what he considered a basis for an ideal security pact, Von Hindenburg replied:

**HOPES FOR COMMON SENSE**

"I consider it very difficult to find measures of a guarantee nature which would really compel all nations to adopt a moral policy in

State affairs. I should certainly be very happy if it should come to pass in my old age that the policies of nations were determined by sound, common sense. But we are not far as yet."

The field marshal contends that the world has no international financial position as the following question and answer indicate:

Question: "Would the fact that the Reich bloc is supported by the leadership of conservative, nationalistic circles, endanger Germany's international financial interests in the event of the reich bloc's victory in the present election?"

Answer: "To begin with, it is not true that my candidacy has partisan political character. As for the rest, I am convinced that we have done for my opinion that financial world problems, as they relate to Germany have nothing whatever to do with the election of the nation's head."

Von Hindenburg expressed the opinion that these nationalistic circles would not be able to exert a menacing influence upon his candidacy, when he was reminded that such a danger was feared in many quarters.

"I am enough of a man," he observed, "to shoulder responsibility for myself and make my own decisions. That is what I used to do as a soldier."

To the question as to whether he believed complete separation of the church and state desirable, he replied:

"I am a believing Christian, and I desire that Germany's affairs shall be conducted in a Christian spirit."

Final question: "Is monarchical state more conducive than a republican to advance personal discipline, law and order and stable conditions?"

To this the field marshal replied:

"It does not depend upon the form of state, but rather on their being personalities at the head whom one respects and who, through their authority, insure order."

At the conclusion of the formal interview Marshal Von Hindenburg's attention was directed to a statement in a Berlin daily newspaper that the former Crown Prince intended to call on him and that an impressive reception had been planned. Von Hindenburg burst into a hearty laugh and said he considered it the best joke of the year, and flatly denied the truth of the story.

Leut.-Col. Von Feldmann remarked that the field marshal had not seen the Hohenzollerns in a very long time.

## A PROTEST AGAINST ROUGH RIDING

## ROLLS-ROYCE

DUSK on a country road...humming comfortably along at forty...on went the lights...they were amazed to see ruts six inches deep. "I would not have believed this of any car," exclaimed the passenger.

You have never dreamed that a motor car could ride with the smooth ease of Rolls-Royce. No other manufacturer has dared to suspend cantilever springs in the same way. Rolls-Royce springs are merely laid on the rear axles—free to move independent of the chassis. Free to absorb jolts without transmitting them to the occupants of the car. Rolls-Royce design and balance make this possible.

Rolls-Royce springs, as well as every other mechanical part, are unconditionally guaranteed for 3 years against failure. This guarantee—which only Rolls-Royce can afford to make—has cost less than \$2 a car to make good. A Rolls-Royce costs practically nothing for repairs. Two more reasons why a Rolls-Royce is a wise business investment.

The 100-mile trial trip will show you what a protest against rough riding a motor car can be.

Bleeding gums are Nature's first warning of Pyorrhoea. Then they begin to recede, lose that rich, pink color. Disease-breeding poisons collect in pus pockets and often drain through the entire system. If used in time and used consistently, Forhan's will prevent Pyorrhoea, or check its progress—something ordinary tooth pastes are powerless to do. It contains just the right proportion of Forhan's Astringent (as used by the dental profession in the treatment of Pyorrhoea). It is safe, efficient and pleasant tasting. Even if you don't care to discontinue your favorite dentifrice, at least start using Forhan's once a day.

Forhan's is more than a tooth paste; it checks Pyorrhoea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

Native African Chief Puts Throne on Truck and Sees Wales in Next Town

(BY CABLE AND ASSOCIATED PRESS)

IBADAN (Africa) April 20.—After being presented to the Prince of Wales today, the native chief of Abeokuta rushed to his motor car, packed his royal state umbrella, his throne and royal court in motor lorries and chased the Prince's train to the next station. When the Prince arrived, Abeokuta, ascended and enthroned in a royal state, again greeted his eyes.

The Prince received him again. The Mobile Monarch, however, was privately cautioned not to repeat the performance.

Yorubé chieftains, famous for their eccentricities, since the days of Solomon's temple, were presented to the Prince at Ibadan. Some deemed so holy that their faces could not be revealed, were combed and powdered by porters of red coral heads above which towered headdresses of fantastic splendor.

While addressing the Prince, the chieftains were fanned daintily by ladies in bronze robes, some from their harem, whose frizzy heads were shaved in complicated geometrical designs like French poodles.

Confirmation of the engagement and announcement of the marriage Wednesday puts an end to rumors in the town that they would wait after having known each other only four weeks. They first met at a dinner given by Conde

WASHINGTON, April 20.—Oriented, with an announcement today that "one of the smaller debtors" had begun conversation looking to war debt funding settlement, the view was expressed at the Treasury that if France undertakes funding negotiations with Great Britain she will do the same with the United States.

While it was made plain that the government had no intention of giving France favoritism of its attitude that it should receive consideration equal to that accorded another creditor nation by France, the view was expressed with the knowledge that the information would be carried to European statesmen through the press. The expression remained unamplified tonight except that it was described as identical with the official statement of Great Britain as voiced by Winston Churchill, Chancellor of the Exchequer in the British House of Commons, December 10, when he said the government's discussions had opened a plan a settlement with Great Britain while arranging a settlement with the United States.

Mr. Churchill's remark was made after several conversations had taken place between Ambassador Jusserand and Secretary Mellon. The Treasury was silent at that time as to its position, and the French Ambassador to London had been given full charge of preliminary conversations with the British, gave rise to further discussion of the debt question.

With respect to the funding, conversations already started. Secretary Mellon declined to identify the nation involved further than to say it was a country less than the United States less than \$10,000,000, which hitherto had taken no steps toward an agreement.

Excepting Romania, to which a positive note had been sent, and the few nations which have already funded their debts, only Estonia, Latvia, Greece, Armenia and Liberia are indebted to the United States for less than \$50,000,000.

While Treasury officials are cognizant of conditions in France and realize that the present government has had little time for international discussions, all domestic questions are untangled, they have had reports that informal talks are proceeding in London between French representatives and the British. One of the reasons was the effect of the fact that the French Ambassador in London was ready to discuss a basic upon which a settlement could be reached. It was also said that the Churchill note of February 5 left only three questions to be considered, namely, the amount France would be asked to pay; the fixed yearly amount which France would be expected to pay independently of the results of the

Dawes plan, and the amount which France would pay to Great Britain from her share in the Dawes plan reparation payments.

**White Gamblers  
Hit by Reprisal  
of Chinese Kin**

[EXCLUSIVE DISPATCH]

VANCOUVER (B. C.) April 20. The Chinese have turned the tables on the white men and considerable anxiety is felt in club circles of the city where quiet little games of poker have been going on for years without interruption.

White men last week twice when Chinese places have been raided for gambling, the Purity squad of the churches has been advised by the Chinese police that investigations have been made and the information found to be true. Chinese work in nearly every club in the city, and these men serve as informants to these gamblers.

These gamblers have sworn to report to the police delegation one white man's gambling joint for every one raided by the police in Chinese.

This system of the Chinese, retaliating against the white men is causing a furor in club circles, as some of the clergymen have found themselves leading members of their congregations on the lists of names supplied by the Chinese as being regular players at the gambling tables.

**Democrat Will

Election Result**

[EXCLUSIVE DISPATCH]

ST. LOUIS, April 20.—A contest of the Mayoral election here will be filed by William L. Igoe, Democratic candidate, on the charge that many ballots that should have been counted for him were credited to his Republican opponent, Victor J. Miller, who was declared elected by 3129 votes.

Igoe does not charge fraud, but asserts citizens who scratched the name of Miller and wrote in the name of Igoe on the ballot Republican should have had their ballots counted for Igoe.

The board of election commissioners, however, ruled that such ballots should be ruled as cast for Miller.

The confusion resulted from use of the blanket ballot, with which some citizens were not familiar. It is the contention of Igoe, supporting that the citizens' interests should be served. It likely will be several months before a decision is reached, as the Supreme Court will have to rule on the case.

**MASCULINE STYLES  
FAVORED BY PARIS**

[BY CABLE—EXCLUSIVE DISPATCH]

PARIS, April 20.—Hobble skirts, neckties, high collars and domeshaped hats, the ensemble of the day are exceedingly masculine effects.

It is the fashion of the day, and the few nations which have already funded their debts, only Estonia, Latvia, Greece, Armenia and Liberia are indebted to the United States for less than \$50,000,000.

While Treasury officials are cognizant of conditions in France and realize that the present government has had little time for international discussions, all domestic questions are untangled, they have had reports that informal talks are proceeding in London between French representatives and the British. The taller-made suit has come back, the sober colors of the suits contrasting vividly with the flaming neckties. The hobble skirts end at the knee or therabouts. Iridescent leather for shoes is here giving the wearer veritable "twinkling feet."

## JAIL EX-DRAGON IN MURDER

Indiana Jury Indicts Former Klan Leader and Two  
Aides in Death of Girl

[EXCLUSIVE DISPATCH]

INDIANAPOLIS (Ind.) April 20.—D. C. Stephenson, ex-Grand Dragon of the Ku Klux Klan and reputed political power in the Republican party in Indiana, was in jail tonight following his arrest this morning on a grand jury indictment charging him with the first-degree murder of Miss Madge Oberholzer.

Earl Klinck, former Deputy Sheriff, and Earl Gentry, his lieutenant, named with Stephenson in the indictment, returned Saturday morning, were placed in jail with Stephenson. They are held without bond.

Pleas in abatement, filed by their attorney, Ephraim Imman, the attorney for Stephenson, Stephenson's demur was upheld by Judge James A. Collins in Criminal Court.

Announcement of Mr. Imman that no further move to gain liberty for the three men would be made was given by the two who indicted Stephenson and his lieutenants.

The two were under bond of \$50,000 each.

Oberholzer died on the 14th inst., after a four week's battle against death from the effects of self-administered poison, said to have been swallowed at Hammond, Ind., on March 17, where she had been staying with her husband.

While Stephenson and his lieutenants, who have acted as the bodyguard of the "old man" of the Klan since his banishment from that organization eighteen months ago, were held without bond in the jail, an investigation was being started by the Prosecuting Attorney to determine why capias for their arrest lay for three hours.

Stephenson, who was held without any apparent search being made for the indicted men, Prosecutors Remmy announced that a rigid investigation would be made to ascertain the reason for the delay.

UNDER \$25,000 BOND

Stephenson, Imman and Gentry, arrested while declining to comment on the indictment, said he "had been on a fishing trip south of Indianapolis for the last two days."

He is under bond of \$25,000 on the grand jury's indictment, returned two weeks ago, charging him with kidnapping, malicious

assault and battery with intent to attack criminally and assault with intent to kill and was held without bond.

## BOBBY ALLEN MAY GO FREE

Fate to be decided by Jury at Coroner's Inquest

Faces Death Charge in Ring Bout Fatality

Boxer Dies Several Hours After Fight Ends

**[EXCLUSIVE DISPATCH]**  
SAN BERNARDINO, April 20.—Bobby Allen, a Los Angeles boxer, will not be charged with manslaughter unless the verdict of the Coroner's jury at the inquest Wednesday over Harry Simone, Boston welterweight, who died Saturday night, indicates that Simone died from injuries sustained in a bout with Allen at the American Legion Athletic Club here last Tuesday night. Dist. Atty. George H. Johnson, attorney here today, said: "Why I never charged a man out of the ring in my life," Allen said today. "I have been boxing for five years and in the parlance of the ring I was a 'powderpuff' hitter."

"No one regrets Harry's death more than I, but I am confident that I am not responsible for his death. I don't believe I will ever fight again."

Speakers at the fight declared that Allen hit Simone in the back of the head frequently, but Simone continued fighting, growing stronger toward the final rounds. In the dressing-room after the bout, Simone and Allen were joking about the bout. Simone chided Allen about his being unable to knock Simone out.

Allen is held in the County jail. Simone did not return until four hours after the bout. At a restaurant in El Monte, where his party stopped en route to Los Angeles, Simone complained of nausea. According to his friends, he was in a fainting fit because unconscious. He never regained consciousness, dying Saturday night after an operation on his skull had been performed.

## ORANGE RESIDENCE BURNED TO GROUND

**[LOCAL CORRESPONDENCE]**

ORANGE, April 20.—A fire of mystery origin, which was discovered at 1:30 o'clock this morning, destroyed a frame dwelling on East Walnut avenue, below Tustin street, in the city of Orange, with a loss estimated at about \$3000.

The house, a seven-room structure formerly owned by Anthony Mazzoni, was burned to the ground, the charred remains being visible today.

During the height of the blaze, which was not discovered until the house was burning, a boy, 12 years old, reported that he heard an explosion, but fire authorities who investigated declared this was due to a water heater being blown to pieces by the intense heat.

Additional information surrounding the origin of the fire was disclosed by the police, indicating that the house was not occupied and that the gas had been disconnected, eliminating these as possible sources of the conflagration.

BURBANK, April 20.—Burbank is planning for a big canning season this year. The packing plant will open between June 20 and July 1 for the apricot pack, and at the height of this season about 200 women and 100 men will be employed. Hundreds of tons of apricots will be packed if there is a good crop of the fruit this year, it is stated.

It is understood the plant also will pack as much as 1000 tons of peppers. Last year the plant handled 100 tons of peppers in the nature of an experiment. Contracts for the growing of the new pepper have been made in San Fernando Valley and Orange county.

For the first year, the plant will supply the plant, and small pack diff pickles. It is expected that the growers in the community between 4000 and 5000 tons will be packed.

Virtualy the only fact on which to base a suicide theory, it is declared, is that the boy had suffered from a severe attack of asthma.

But the attack did not cause him to go into a state of temporary insanity, unless some strange complication came suddenly.

The boy's mother is unbroken by the loss of her son and is almost unconsciously caring for him.

The boy's father, Jose Ventura, who lives at 805 Lopez street, Belvedere Gardens, had attempted to crank the car, which was at the top of the hill at the Corona Del Mar Tavern, when it started its perilous descent. The boy, 14, was killed.

## HELLMAN BANK SHARES LISTED

Sixteen Stocks Now Quoted on Exchange

## Marine Oil Mails Warrants to Stockholders

## Los Angeles Firms Purchase School Bonds

Sixteen bank stocks now are listed on the Los Angeles Stock Exchange as the result of the approval yesterday by the board of governors of the application made by the Hellman Commercial Trust and Savings Bank. The stock will be called for trading tomorrow.

The addition of the Hellman stock to the bank list of the exchange affords the buyers and sellers a wide line of securities from which to select. In the last few years the stocks of the Los Angeles banks have commanded a large and active market in connection with the growth of the territory in which the banks operate. The Hellman bank has thirty-two branches operating throughout this region and is one of the pioneers in the field.

Besides the sixteen bank stocks now listed, the exchange also is the market for the shares of the holding companies operating in bank stocks. These are the Bancitaly Corporation, Americommercial Corporation and the Federal Holding Company.

The Hellman bank on the 6th inst. reported total resources of \$77,461,072.74, surplus and undivided profits of \$1,174,998.57, and deposits of \$73,786,072.74.

Capital stock totals \$25,000,000, divided into 25,000 shares of \$100 par value.

Officers of the Hellman Commercial Trust and Savings Bank are: Max H. Hellman, president; Irving H. Hellman, treasurer; Emanuel Cohen, C. R. Bell and Benjamin E. Page, vice-presidents; H. K. Kelly, vice-president and cashier. Directors are as follows:

C. R. Bell, Emanuel Cohen, Louis M. Cole, R. H. Cotton, E. E. Duque, H. C. Fryman, M. A. Hamburger, Harold L. Johnson, H. H. Johnson, James W. Hellman, Marcus H. Hellman, W. F. Howard, H. B. Kelley, Thomas May, A. F. Moran, Benjamin E. Page, E. W. Shulman, James A. Shultz, William H. Wilson.

## Stock Increase Granted

Notices to the stockholders of the Marine Corporation have been mailed announcing the offer of subscription rights to a new issue of 750,000 shares recently authorized by the board of directors. The stock will be offered in the proportion of one new share for each four shares now owned. The books will close and warrants issued to stockholders of record on the 25th inst.

Proceeds from the issue will be used to provide the company with capital to complete payment for the stock of the Continental Petroleum Corporation, carry on development work and to add to the supply of working funds.

Marine Corporation recently obtained a 50 per cent interest in the Sierra Refining Company through purchase of stock of the Continental Petroleum Corporation, a holding company.

The construction of a refinery at the new plant is authorized, which will increase the capacity to 10,000 barrels daily.

For the first quarter of the year, according to a statement supplied with the subscription notice, the Marine Corporation earned a net profit of \$588,742.25. Total income before deductions was \$870,852.50.

After the issuance of the first quarter profits in the surplus account, surplus is shown at \$356,747.47.

## Bond Issues Awarded

Two Los Angeles county school district bond issues totaling \$74,000 were sold yesterday afternoon by the Board of Supervisors to two Los Angeles investment banking firms.

R. H. Moulton &amp; Co. purchased \$59,000 Crescents 5 per cent school district bonds, offering a premium of \$2488. Other bidders were as follows: Security Company, \$3180.

## NEW YORK BONDS

(BY A. P. NIGHT WIRE)  
NEW YORK, April 20.—Reactions in today's bond trading, although they failed to check completely the downward movement of prices. Quiet recognition of standard railroad issues gave the market a firm underpin, although surface dealings were ruffed by selling of the western rail and some of the oil lines.

Selling pressure was concentrated mainly against the "receivership rails"—Chicago and Alton and St. Paul. Following breaks in the stocks of these companies, the bond issues also dropped sharply to 20 points. Reports that a Federal investigation of the St. Paul receivership was threatened and that a government inquiry into proposed southward rail mergers had been requested, combined to the weakness of these bonds.

Other heavy spots in the rail group were Pennsylvania general 4% and Norfolk and Western convertible, both of which yielded more than 20 points. These issues were partially counteracted by the moderate improvements of Atlantic Coast Line, Louisville and Nashville and Northern Pacific 4% and Reading 4%.

Other issues and Sinclair oil bonds again turned reactionary, but motor, rubber and chemical company issues displayed a firm tone. United States and foreign government obligations were irregular, moving within narrow limits.

Negotiations have been virtually

completed for sale by New York bankers of a \$2,000,000 bond issue of Tyrol Hydroelectric Power Company guaranteed jointly by the state of Tyrol and the city of Innsbruck.

Followings are yesterday's high, low and closing prices of bonds on the New York Stock Exchange. These quotations are received over Associated Press wires, and to the best of our knowledge, are accurate. The high and low figures given are the same as those omitted when they are the same on the high and low.

## Facts About the

## Premier Duplex

BEST BY TEST

## Motor Driven Brush

The Premier Duplex is equipped with a motor driven brush, inside the cleaning nozzle. This brush is Ball Bearing and requires no oil. The bristles are of horse hair, soft and pliable and will not injure the finest rugs.

A motor driven brush is absolutely necessary in a vacuum cleaner, to vibrate loose embedded dirt and assist the suction to dislodge it. Only a motor driven brush will pick up any and all surface litter going over once. The rubber belts driving the brush are strong and replacements cost but ten cents.

## Premier Duplex Wheels

The Premier Duplex is supported by three large wheels, the rear wheel being a strongly made swivel, making it the very easiest cleaner to operate. These wheels have a soft rubber running surface, are noiseless and will not mar highly polished floors.

## A cleanly appearance invites customers

Restaurant in the Idaho Hotel, Boise City, Idaho, showing its Blabon Linoleum pattern 253 laid.

Write for this 22-page, 8" x 10" folder containing plans for your home, beautifully illustrated in color, sent anywhere in the United States upon receipt of 15 cents.

THE success of any establishment is linked closely with its appearance. This is especially true of restaurants, cafes, clubs and hotels—where pleasant surroundings are quite as necessary as wholesomes food.

Blabon floors of linoleum, with their bright, cheery colorings, help to make such places spick-and-span. No dirt can get ground in. Crumbs dropped or liquids spilled do no harm to the smooth, waterproof surface. They are easy to clean and keep clean.

The fact that Blabon floors of Inlaid or Plain Linoleum stand hard wear and are economical to maintain, are important considerations. The patterns and colors go through to the burlap back and never wear off while the linoleum lasts. An occasional waxing and polishing preserves their freshness and mellows their tones.

The right way to lay linoleum is to cement it over a layer of builders' deadening felt paper, which should first be pasted to the floor with linoleum paste. This overcomes bulging and stretching, makes the seams water-tight and practically invisible, and prolongs the life of the floor.

Ask for Blabon's Linoleum by name. It is sold by good home-furnishing and department stores. If your dealer hasn't it, write us his name, and we will see that you are supplied. Books sent free upon request.

## BLABON'S Linoleum

How genuine linoleum is made

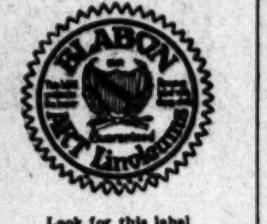

Blabon's Linoleum is made of finely ground cork and oxidized linseed oil and is firmly attached to a burlap back. In Inlaid and Plain Linoleum the patterns and colors extend clear through to the burlap back. In all grades the patterns and colors are printed on the linoleum body with heavy oil paints.

Readings from plays which have been written during the past year will be presented by Lee Cooper and Alfred Hollingsworth. Shakespearean songs will be given by Miss Athene Lee, while the history of each by Mrs. Robert Robinson will be a striking feature. Prof. Allison Gau will deliver a lecture on Shakespeare.

Prof. Sisk, vice-president, will have charge of the meeting in the absence of Mr. Ringling, the president. The program is given in courtesy to the Shakespearean clubs and departments. All lovers of Shakespeare, however, are cordially invited.

Lincoln Study Club

"South of the Mason and Dixon Line," will be the topic of American history under consideration by the Lincoln Study Club at its afternoon meeting this afternoon in the residence of Mrs. Fred R.

Look for this label on the back of all Blabon's linoleum.

## FEDERATION CONVENTION CALL IS OUT

Annual Party of Club Women of State Opens May 19 in Santa Cruz

The twenty-fourth annual convention of the California Federation of Women's Clubs will be conducted May 19-22 at Santa Cruz, on invitation of the Saturday Afternoon Club of Santa Cruz. Personal call was received in this city yesterday.

Mr. John C. Urquhart of this city is president, and during his regime, which ends with the convention, she has started the movement to purchase a part of the redwood forest near Dyerwood in Humboldt County. It is expected that the raising of sufficient funds for this purpose will be completed at Santa Cruz again among the big trees. The presentation of the gift to the State will take place Wednesday morning.

Cass del Rey has been secured for headquarters of the convention, and the hotel in the Casino adjoining. A trip to the Big Basin Friday, the 22nd inst., will be the fitting finale.

"World Understanding" will be the theme of the convention, and will include thoughts of education, protection of the home and rebuilding as a fundamental American institution, conservation of natural resources, world citizenship and world peace as considered at the six district conventions previously held in various parts of the State, the last one being at Santa Barbara last week.

A special train will be run from Los Angeles through to Santa Cruz without change, as usual, at 2:30 p.m. on the 19th, and will consist of four sleepers and a diner, thus making the trip easier and pleasanter than the ordinary one will leave Monday, May 18, at 8 p.m.

Among the many social functions will be two banquets, the annual Tuesday evening, and the one of the Emeritus Club, which will be held on Friday evening.

SAN FRANCISCO

February 10, 1925.

Lea & Perrins,  
West St., New York City.

Dear Sir: During my experience as Chef of the Hotel in San Francisco, and other leading hotels in the United States, I have always considered it my duty to see that Lea & Perrins' Worcestershire sauce was used in the preparation of many of my menu dishes. It makes an excellent flavoring and I have found it indispensable for use in my kitchen.

Its great popularity and demand by our guests is the proof of the fact that it is the leading commodity of all, and in my opinion there is nothing quite so

## FACES DEATH TO SAVE DAUGHTER

Father Crosses Desert and  
Mountains on Foot

Asserted Kidnappers Found  
as Trail Ends Here

Pair Held as Abductors of  
Young Brawley Girl

A marathon walk over mountains and across sun-seared deserts, with despair over the fate of his young daughter driving him forward, came to an end here yesterday for Amador Castro when he found his child and set her two asserted kidnappers on the trail which may lead to San Quentin.

The heroic father began his dramatic journey from his home in Brawley last Wednesday morning, following the trail of his daughter and her asserted abductors in an automobile. He arrived here Sunday.

The story of his march and the suffering and peril he encountered on the way was recounted by Castro after the arrest of Pampilo Amedrano and Gorgonia Alquin on charges of kidnapping 14-year-old Guadalupe Castro.

WITHOUT FUNDS

A few hours after his daughter disappeared, he learned from friends that she had been seen driving away in an automobile with the two men. But he had no funds for railroad fare and not enough to purchase even food on the way.

The only alternative was to follow on foot, he said, and so he set out. The trail led from Brawley to El Centro and from there over the parched desert country to San Quintin. At each of these towns, he said, he found that his quarry had left just a few hours before his arrival.

TRACES MEN HERE

From Calexico he set out over the mountains to Tia Juana. On the way his money ran out. He was forced to go for thirty-six hours without food. The shoes which he had worn when he started the journey gave out. He changed them with another pair which he had in reserve and continued on his way.

Dog tired with his face, hands and arms showing the effect of exposure, the undaunted father arrived at Tia Juana to find that the two men had left for Los Angeles. He had been there from Tia Juana and several hours after his arrival had located his quarry. The two men were promptly arrested and the girl taken to Juarez Hospital. The suspects are being held for the Sheriff of Imperial county.

WATER SUIT APPEALED

Coachella Valley Fight is Taken to State Supreme Court

Coachella Valley water district yesterday appealed to the State Supreme Court from a judgment of Riverside county Superior Court which sustained a demurrer of Prescott T. Stevens, whom the water district attempted to enjoin from diverting the underground water of the Whitewater River.

The district, representing more than 13,000 acres of reclaimed land, brought action against Stevens, alleging that his land contains a natural underground reservoir for the storage of water from the river, and that his use of the water is inimical to the riparian owners in the valley. The case was dismissed in Superior Court on the ground that the water district did not sue in the name of the individual owners, and denied the right to amend the complaint.

CRUELTY. WIFE'S PLEA

Says Mate Denied Her Clothes Money to Buy Poultry

An extremely cruel husband was Albert N. Shideler, according to a divorce complaint filed yesterday by Jeannette D. Shideler. He refused to give her money to buy clothes and then proceeded to spit at her in the following words:

"Thirty chickens, one goat, three guinea pigs, four geese, four turkeys and fourteen ducks."

The wife, in view of the man's refusal to give her money for clothing, constitutes cruelty, Mrs. Shideler maintains.

REALTY COMMISSIONER WINDS UP WORK HERE

E. T. Keiser, who tendered his resignation as State Real Estate Commissioner to Gov. Richardson several days ago, concluded his official business in connection with the Los Angeles office yesterday and will return to Sacramento where he will call upon the Governor. It is understood that the list of candidates for the real estate position made vacant by Mr. Keiser's resignation will be distributed at that time, and a possible appointment will be announced.

From Sacramento Mr. Keiser said he will go to San Francisco and on Saturday plans to leave for Chicago to assume his new duties as vice-president of the Stutter Basin Company.

Court Puts Woman in Next to Dollar-a-Year Class by Award of Alimony From Sick Scenario Writer; but She Is Seeking \$150,000 Heart Balm

How can a woman live on \$1 a month?

Mrs. Marie Imrie must either solve this one, or look elsewhere than to her husband for support, for that is all that Judge Rector, of the Superior Court, saw fit to award her in a decision yesterday in her suit against Walter Imrie for \$150,000.

"A dollar a month, just to retain jurisdiction," Judge Rector explained. Testimony showed that Imrie, who has some repute as a film scenario writer, has been sick a long time and dependent upon his parents for his own support.

Roger Marchetti, attorney for Mrs. Imrie, said that a careful wife will be kept on a diet of \$100 a month, and that the first sign of her husband's parents for \$150,000 for alienation of his affections. In her complaint she charged desertion, and in a cross-complaint for divorce, which was denied, Imrie asserted that their separation was due to his wife's desertion.

TALK BAN LIFTED ON MANN ACT CASE GIRL

Department of Justice officials yesterday consented to permit wel-

fare workers to talk to Bessie Pritchett, 18 years of age, asserted Mann White Slave Act victim and principal witness in the Fred Rose case, of the former Mann of Rochester, Minn., but with the proviso that a department agent be present.

The Pritchett girl is said to have been brought from St. Louis to Los Angeles by Brown last year. Her bond was first fixed at \$500, but to prevent her rumored coming marriage to Brown, United States Commissioner Turney raised it to \$5000.

New Ruling Eliminates One Oratory Contest

"Times" Grand Finals Will be Conducted 24th Inst.

Auditorium of Los Angeles High School Chosen

\*\*\*\*\*  
Times Grand Finals, National Oratorical Contest, to take place at Los Angeles High School Auditorium at 7:30 p.m., April 24, 1924. No admission fee. Public invited to attend.

While the winners in the recent semifinals of the National Oratorical Contest on the Constitution are already busy perfecting their orations for the Times Grand Finals to take place the 24th inst. at the Los Angeles High School Auditorium, it may spur them to put on an extra amount of steam to learn that the winner of first prize in this event will receive not only \$1,000 prize but also the honor of going to Washington in the National Grand Finals on May 8.

This was revealed yesterday when it was announced that there is a change in the zoning. The Times Grand Finals winner will now have to appear in an additional zone contest before the national finals but will be eligible to enter that event upon winning here on the 24th inst.

This privilege is to be accorded the Southern California champion in recognition of the part this section has played in these contests for the past three years. It comes as a direct compliment to the splendid school system of Southern California and the spirit of co-operation shown by superintendents, principals and teachers everywhere throughout this section.

## COOLIDGE TO PRESIDE

The National Grand Finals in Washington will be the climax of the contest. The meeting will be presided over by President Coolidge and the judges will be the members of the Supreme Court of the United States. It will be attended by prominent persons from all over the country and arrangements being now under way to accommodate an audience of 6,000 at the Washington Auditorium, where the National Grand Finals will be conducted.

Aside from the winner at the Times Grand Finals, six other champions, representing different sections of the United States, will take part in the National Finals. Each one of the seven contenders in that event is out of \$1,000, the awards aggregating \$5,000, being distributed as follows: First, \$2,000; second, \$1,000; third, \$500; fourth, \$450; fifth, \$400; sixth, \$350; seventh, \$300.

## ORDER OF SPEAKERS

Word was received from Washington contest headquarters yesterday that the order of speakers at the National Grand Finals on May 8 and also at the Times Grand Finals in Los Angeles on the 24th inst. had been determined by lot drawn in Washington by Frank B. Noyes, publisher of the Washington Star. Under this drawing the order in which the champions will speak at the Grand Finals will be as follows:

Frank Colston of Moorpark High School.

Harry Smith of Bakersfield High School.

Ronald Anderson of Pomona High School.

Virgil M. Pinkley of San Bernardino High School.

Mabel Louise West of Franklin High School, Los Angeles.

Eugene F. McElveen of Loyola College, Los Angeles.

All contestants have as their subject "The Constitution."

Prizes are being made at the Los Angeles High School for the accommodation of the largest audience in the history of the institution at its centennial, when the Times Grand Finals will be held on the evening of the 24th inst. Last year thousands were turned away at the finals here and it is hoped to prevent such a contingency this year.

## Restraining Suit is Filed Against Club and Hotel

Petitions for restraining orders against proprietors of the Europa Hotel and the West Side Club of Fresno were filed yesterday in United States District Court by Asst. U. S. Atty. Simpson on the grounds that the places were common nuisances and rendezvous for bootleggers.

The petition against the Europa Hotel charged that "the place is maintained as a barroom and saloon and the second and third floors as a hotel." A restraining order previously had been issued by the Superior Court at Fresno. It is reported in the morning paper that a penal bond had been furnished. However, since furnishing the bond the club has been operated as of old. It is charged.

## BLEDSOE TO ADDRESS MEN'S BIBLE CLASSES

Former Judge Bledsoe is on the speakers' list at the quarterly convention of the Federated Men's Bible Classes of Southern California, Tuesday at Hollywood Christian Church, 1111 Morgan Place. An attendance of 1,500 is expected. There will be sports at 2 p.m. and at 4 p.m. there will be a model Bible class led by W. B. Martin of Santa Ana. Other speakers include Prof. G. T. Moore, Rev. Dr. Frank T. Porter and Rev. Dr. G. A. Briggle. S. E. Harvout will direct the music. The Santa Ana band, a male quartet from the American Legion of Long Beach, and male choruses are on the musical program.

## ORATORY CONTEST LAUDED

Jurist Here to Lecture to Bar Association Says Plan Fosters Interest in Constitution

Commenting on the movement to stimulate public interest in a study of the Constitution being promoted at this time by many organizations, Prof. John H. Wigmore, dean of the Northwestern University law school, Chicago, declared yesterday that in his opinion the National Oratorical Contest sponsored by newspapers is the most valuable means thus far devised to further this purpose.

"I have followed the contest with considerable interest," said Prof. Wigmore, "and have been especially struck with the wide and enthusiastic interest it has created. No method is better adapted to instruct young people in the principles of our government. It will also revive the almost forgotten art of oratory, in itself an object that makes the movement well worth while."

## LECTURES ON ANCIENT LAW

Prof. Wigmore, who is at the Alexandria, arrived here yesterday at the invitation of the Los Angeles Bar Association to deliver two lectures before the "Code of The World's Legal Systems," the first being given last night in the Alexandria ballroom.

The dean's lecture was unique in that it was illustrated with stereopticon slides. At the time the aid to a discourse on law has been employed outside Prof. Wigmore's classrooms at the university. He explained that for a number of years he has been illustrating photographs pertaining to the development of legal systems in many parts of the world. From these he has slides prepared, which he uses successfully in lectures before his law classes.

Last night's lecture was devoted to the legal systems of ancient Egypt, Babylonia, China, Greece and Rome. Prof. Wigmore's definition of law in each of these countries, showing its influence on later legal systems. The stereopticon illustrations showed pages from early law givers, including Moses, Solomon, Solon, Hamurabi, Justinian and others. The slides also included many features showing how the law was administered in ancient times, ancient justice, methods of punishment and other things. There were several representations of early law givers, including Moses, Solomon, Solon, Hamurabi, Justinian and others.

Others held were Clarence Tomson, husband of the medium; Halima Tomson, her daughter, 19 years of age; Mr. and Mrs. Oscar W. Pollard, at whose home the asserted seance was conducted, and Neil M. Wood.

1. last, Hodge, a youth from Huntington Park, introduced several police officers, including a policewoman, into the seance at \$2 each. Halima Tomson held Hodge's arm and told him his grandmother was about to appear before him; he broke away from her and grasped the spirit and the lights were turned on, revealing Mrs. Tomson clad in gauze, according to the testimony. She was provided with a bathrobe and taken to the police station. The receipts of the seance, amounting nearly to \$200, were seized.

In an interview before the lecture the dean stated that there is a movement at this time for the unification of the world's legal systems. It has received the sanction of prominent jurists of all nations, including the chief justice of the Supreme Court of China, from whom Prof. Wigmore displayed a letter expressing the Chinese jurist's approval of the idea.

Speaking on the effect that it has been going on for some time to unify the laws of the different States of the Union, the dean said this project is making progress. The trend is a uniform negotiable instruments act, which has been adopted by every State, and a uniform sales act has been added to the statutes of twenty, he said.

The process is necessarily slow, but it is making some head-way.

## OUTLINES DIFFICULTIES

The principal obstacle encountered is the disposition of the States when they want a certain law passed to seek Federal legislation on the subject without regard to the wishes of other communities. A better method is for the States that need a certain law to co-operate on that particular piece of legislation and to enact a law that can be adopted by all of them. Your seven-state pact on the Colorado River is an example.

Such a measure might be passed by Congress, but it would have no automatic effect in the states. Interested and would only add to the complexity of the Federal laws.

Prof. Wigmore, who has been dean of the Northwestern law

## TURNER HELD FOR REMOVAL

Accused Mail Bandit at Hearing Wrathfully Tells Commissioner He "Wants to Go Back"

"I want to go back," Lee Turner, accused mail robber, exploded wrathfully yesterday before United States Commissioner Turney at a removal hearing when his attorney was pleading for several days to give his client time to settle his "business affairs."

"That you shall," Commissioner Turney retorted, in holding Turner for removal.

Turner was arrested at El Segundo when his partner and the driver of the automobile in which they had been driving was captured pursuing them. He is alleged to have been implicated in the theft of \$64,000 from the mails at Staunton, Ill., on May 25, 1923.

Seven other members of the gang, including his wife, were arrested yesterday afternoon.

Assistant United States Attorney George Ohannessian advanced toward the bench with papers in hand.

"Your Honor," he said, "these men are charged with robbing Mr. Camille Martin, postmaster at Triunfo, Tulare county, on November 18, 1923; with robbing the post office of several dollars worth of postage stamps in Tulare, and with assaulting A. M. Bernick, a clerk in the store where the post office was situated.

"But, the defendants were hanged on Jan. 16 last for the murder of Charles C. Chapman, Los Angeles insurance man."

"Case dismissed," the court ordered.

## NO JURISDICTION

Judge Finds Trio Had Appeared Before Supreme Tribunal

"Case No. 6158-3; United States vs. Jack Ferdinand, John Gerega and Jack Sears," the clerk in United States Judge James' court said.

Seven other members of the gang

and in all the other, Turner's

pal, is dead.

The prisoner also is declared by

the authorities to have participated in the robbery of the Fidelity Trust Co. in Los Angeles, amounting to \$400.

The gang believed responsible

for the theft had an airplane

ready to escape with the loot, but

were frightened and abandoned

the flying machine. The following

day one of the robbers returned to

get the airplane and was arrested.

His confession implicated Turner.

It is declared.

## PACT CARES FOR BUSHMAN CHILD

Predivorce Agreement Gives Boy Regular Income

Child is Barred from Acting Unless Parents Consent

Mother Gets Custody; Waives Claims on Estate

Richard Stanbury Bushman, 5-year-old son of Francis X. Bushman and Beverly Bayne, will not be allowed to act on the screen until he is 18 years of age without the written consent of both parents.

This provision is made in a separation agreement signed by Bushman and Bayne prior to the filing of her divorce action against Bushman yesterday in which she charged desertion.

For the education, maintenance and support of his son, Bushman agreed to pay \$22,000 to Miss Bayne and her attorney, William Haas, until the boy attains majority and provided he retains his name.

The actor further agrees to pay \$100 a month until \$10,000 has been paid to Miss Bayne's attorney, the money to be used as a cumulative trust to be delivered to the boy son when he attains his majority. The income from this trust is to be given to Miss Bayne as it accumulates but it also is to be used on the boy.

**CUSTODY TO MOTHER**

In case of an emergency, Attorney Haas is permitted to use part of the capital for the boy's care, according to the agreement.

If the boy dies before attaining his majority, Bushman provides that the money shall go to Miss Bayne.

Husband and wife agree to waive all claims on the estate of the other, except for the boy, and Miss Bayne waived alimony, attorney's fees and costs.

It is agreed that the boy shall be in the custody of his mother, but Bushman is to see him on Wednesday, Friday and Sunday afternoons. In addition to this, each parent is forbidden to take the boy out of the State without the written consent of the other.

In her divorce complaint, Miss Bayne charged Bushman left her in February of last year, without her consent, and that they were married in New York in 1918.

**PREDICTIONS FAIL**

The break-up of the Bushman-Bayne marriage was one of the screen's most widely known romances. For a number of years Bushman and Miss Bayne formed a successful screen combination. Their marriage, it was predicted, would be one of the screen's most durable matches.

But Bushman went to Europe to play in "Ben Hur," which was being filmed in Rome, and then was referred to the court. Miss Bayne admitted their separation was permanent. Bushman expressed a desire for a reconciliation.

The actor recently completed his role in "Ben Hur." Miss Bayne is not acting at present. Her last contract was with Warner Brothers.

### CUPID IS THWARTED BY ARREST

Youth Suspected as One of Hold-up Trio Wears Wedding Suit to Jail

Garbed in what was to have been his wedding suit J. V. Smith, 19 years of age, sat in a cell in the County Jail yesterday, while his intended bride was waiting patiently.

She may have a long wait, according to Deputy Sheriff Heller and Johnstone, for George Smith, one of four bandits who held up a poker game in a garage in La Canada Sunday morning. The suit it is asserted, was bought with \$1000 of the \$1200 taken in the game.

Held with Smith are Ray Gartner, 22 years of age, William Jones, 21 years of age, and Robert Ferrell, 21 years of age.

According to accusations of the five victims, George Murphy, A. Griffin, Jack Mathison, George Buckner and J. V. Smith, one of the suspects, Robert Ferrell, had been playing, but left about half an hour before the robbery. The victims told sheriff's deputies that Ferrell tipped off the three masked men held up the game, it was declared.

Gartner and Jones were arrested in Glendale by Sheriff Blane of the police of that city. Smith was arrested by Deputy Sheriff Heller and Johnson in La Canada, and Ferrell was taken into custody in Los Angeles by deputy sheriffs.

### LIGHTHYPE'S MEMORY IS HONORED BY CLUB

The memory of James A. Lighthipe, former electrical engineer for the Southern California Edison Company, was honored by members of the Electric Club yesterday. Among those who reviewed the life and achievements of Mr. Lighthipe were Carl A. Heinz, superintendent of the division of the Bureau of Power and Light, and Benjamin F. Pearson. Both emphasized the decadent's human qualities as well as his engineering ability. Musical entertainment was furnished by Miss Edna Menden, violinist, accompanied by Miss Lillian Puntbiff. Douglas R. Radford, president of the West American Rubber Company, spoke briefly on the processes of producing and refining rubber.

#### BY S. FRED HOGUE

DELIGHTED by the first "Night in Bohemia" at the clubhouse of the Uplifters in Santa Monica Canyon Saturday night, the officials of the club are planning for a series of similar entertainments to feature life on the ranch.

The entertainment was one unique in the history of the Southwest.

Composed by a committee representing the most successful painters of Los Angeles, some of the great figure masterpieces of world renown painters were on display.

I have never seen living reproductions of Frederick Leighton's "Psyche," Hennier's "Summer," Werner's "Diana," "The Oval Mirror," and "Reclining Venus" of Valique, the "Willow" of Charles Hoffmann's "Repenant," Magdalene," or Baurer's "Mater Dolores," represented compositions so excellent. Arthur Hazard, the artist, and his wife, Mrs. Hazard, and Clyde Forsythe, who excels alike as landscapist and portraitist, collaborated in arranging the backgrounds, the light effects and the color schemes.

I have seen nothing on the screen or stage that awakened in me a higher sense of the beauties of those living tableau.

The creations of dead masters, my friends in the art colony had promised me something unique; but they were rather timid before the performance and did not exactly render.

Emboldened by their success, they promise something for the future that will far surpass the first efforts.

And this timidness was more than shown by some of the officials of the Uplifters. Prudent "Slim" Crabill, and even the great Hallerman himself, gave but a reluctant consent to the night in Bohemia night at the ranch. They feared beauty might become bacchanal, and that what appeared only amusing to the artists might appear vulgar to the uninitiated.

And the picture was won over by some of the officials of the Uplifters, who were to be the hosts of the entertainment, which inter-spersed dancing between the performances of the "Flower Dances" as named by the manager in which the colored lights are made to stream down on the dancers like falling roses.

Only less picturesque than the stars produced were the costumes of the guests; for the Bohemian Night was one of colorful pageantry. To me, the vision of Claude Forsythe in his cowboy regalia, dancing with Mrs. Arthur M. Hazard, in gorgeous, flowing Bohemian costume, was about as artistic an sight on the stage, as I could ever have payed.

I must admit, however, that the local painters for their artistic taste in the selection of their wives. And they have this to their credit, I have not heard of a divorce in the family of a local painter or sculptor in years.

#### WOMAN SAYS GUILTY TO MEDICAL CHARGE

#### EMPLOYED PHYSICIAN WHOSE LICENSE TO PRACTICE HAD BEEN REVOKED

Mrs. C. B. Raymond, charged in a complaint signed by Special Agent Carter of the State Medical Board with advertising a treatment not permitted by law to be advertised in connection with her establishment at 222 West Tenth street, yesterday pleaded guilty in Police Judge John C. Shabill, but sentences at 10:30 a.m. today.

Agent Carter secured a warrant for Mrs. Raymond's arrest late last week and another for the arrest of P. J. McGrath, who was practicing medicine at the Raymond place, although he does not hold a State license.

Mrs. Raymond yesterday admitted employing McGrath, the agent said, but denied that she knew he was an unlicensed physician. McGrath, however, according to the agent, was revoked by the State board in February on a charge of unprofessional conduct. His present whereabouts are unknown.

#### BROKER IS ARRESTED ON CHECK COMPLAINT

Guy R. Peterson, former automobile dealer, went on trial yesterday in Judge Crall's court charged with stealing an expensive automobile from Mrs. Dora Katz, mother of Harry Katz, diamond broker mysteriously slain last year.

Peterson's defense is that Katz had not paid for the car in full and therefore the estate was not entitled to it.

He was arrested in San Francisco where he is asserted to have taken the machine.

### BANKRUPTCY FRAUD CASE IS UP TODAY

Government to Put Sixty Witnesses on Stand in Motor Company Trial

Trial of Nicholas Sullivan and John Frank and Tom Hennessy on charges of conspiring to violate the national bankruptcy law in September, 1920, will open today before United States Judge James John W. Friedman, indicted along with the Hennessy brothers and Sullivan in connection with the Central Motor Sales Company, 1533 West Seventh street, is still a fugitive.

The government will place sixty witnesses on the stand, it was estimated yesterday by Asst. U. S. Atty. Jacob Day, who will prosecute the case.

It is asserted that Sullivan and Friedman formed the company and hid number of trucks, tires and parts on the San Bernardino County ranch of the Hennessy brothers.

Sullivan was arrested three weeks after his indictment in Boston, provided bail for his appearance in court in Los Angeles, but later forfeited it. He recently surrendered himself to the United States marshal's office.

it was estimated yesterday by

Asst. U. S. Atty. Jacob Day,

who will prosecute the case.

It is asserted that Sullivan and

Friedman formed the company

and hid number of trucks, tires

and parts on the San Bernar-

dine County ranch of the Hen-

nessy brothers.

Sullivan was arrested three

weeks after his indictment in

Boston, provided bail for his

appearance in court in Los An-

geles, but later forfeited it.

He recently surrendered him-

self to the United States mar-

shal's office.

The government will place

sixty witnesses on the stand,

it was estimated yesterday by

Asst. U. S. Atty. Jacob Day,

who will prosecute the case.

It is asserted that Sullivan and

Friedman formed the company
